IMPORTANT

As manufacturer and specialist for filtration equipment Omega Air offers one of the most comprehensive ranges of alternative filter elements. Filter elements are designed to fit to original manufacturers equipment while Omega Air know-how is implemented to achieve required compressed air quality.

Despite fact that some dimensions or some details are different compared to original parts our alternative filter elements fit original filter housings.

Due to continuous improvement of our products, specifications and appearances may change without prior notice.

CUSTOMISED PRODUCTS

A large part of our manufacturing capacity is suited for customized products. We take part in the developing of the products together with our customers. If you have a project in our range of products and need a co-operating partner do not hesitate to contact us
